

*"The edge is such a spectacular and magical wedding venue location that it really doesn't make sense to leave once the honeymoon begins."*

A Sublime Taste of Life at  
THE  
edge

Bali's mystical Uluwatu resort area is home to one of the most important temples on the island as well as surfing waves that attract the likes of world champion surfer, Kelly Slater, every year. To match the powerful energy of both land and sea, Uluwatu is now even more desirable to Bali's jet set crowd with the addition of 'The edge' – an intimate enclave of three villas located cliff front offering breathtaking views of the ocean from the pinnacle of the Island of the Gods.

Each villa offers an inimitable home away from home experience that provides the latest in tech-savvy amenities including a fully integrated entertainment audio and visual system as well as state-of-the-art lighting system. A private swimming pool, Jacuzzi style bathtubs, fully catered kitchen, and butler service are on hand to cater to your every whim and fancy. From the VIP airport immigration service to ensure a smooth and enjoyable landing the very minute you arrive in Bali as well as roundtrip transfer in their luxury vehicle to Hermes toiletries and a world-class wine cellar, there's no reason not to feel like a million dollars.

For the ultimate experience, invite your friends and family to book the whole villa property comprising ten suites as well as their five-star onsite amenities that include gymnasium, the Bar, day spa, wine tasting lounge, home theatre and children's room. Instead of offering a restaurant with signature dishes, The edge offers a personalized menu, tailor-made for each guest based on the gourmet guidance of their Executive Chef and taking into consideration each individual's culinary needs and preferences. Breakfast is not only included in your accommodation, but it is personally prepared by your dedicated butler in the villa's private kitchen and served at your location of choice depending on your mood that day. The extensive poolside grazing menus cover brunch, lunch, canapés and aperitifs for lazy days spent at the pool and spa or within the private heaven of your villa. Dishes prepared by the Executive Chef and his team include locally inspired fresh seafood,

elegant Mediterranean and European cuisine and subtle Asian delicacy plates. With an extensive wine cellar of over 200 vintage selections, the food and wine pairing is masterfully created to finish the perfect dining experience.

Summer time is wedding time in Bali, and with breathtaking views of the ocean, The edge offers an intimate and graceful wedding venue in a sophisticated setting. Their professional butlers run a fully integrated concierge service for Bali and Indonesia for all local interests and work seamlessly with wedding clients and their planners to attend to all the intricate details to ensure that the venue, decoration, entertainment, photography and all other arrangements are care-free for you on the big day.

With wedding packages ranging from 30 to 150 guests, their Executive Chef can prepare a wide range of set or buffet dinner menus including modern Indonesian, international, as well as custom made to suit every occasion. Entertainment can be simple with classical CD background music or extravagant to include a solo guitarist or violinist and even a DJ or full band with top-notch sound system. Their talented floral consultant will ensure an unforgettable celebration with flower petals leading up to the altar as well as stunning table centre pieces and select standing flower pillars. Wedding photography includes an exclusive design photo album as well as videography to capture the highlights from the moment the bride walks down the aisle to the minute it is announced that you're husband and wife. The edge is such a spectacular and magical wedding venue location that it really doesn't make sense to leave once the honeymoon begins.
